USPS recommends competitive price changes

The Postal Service has filed notice with the Postal Regulatory Commission, or PRC, to adjust prices on some domestic competitive package and service offerings.

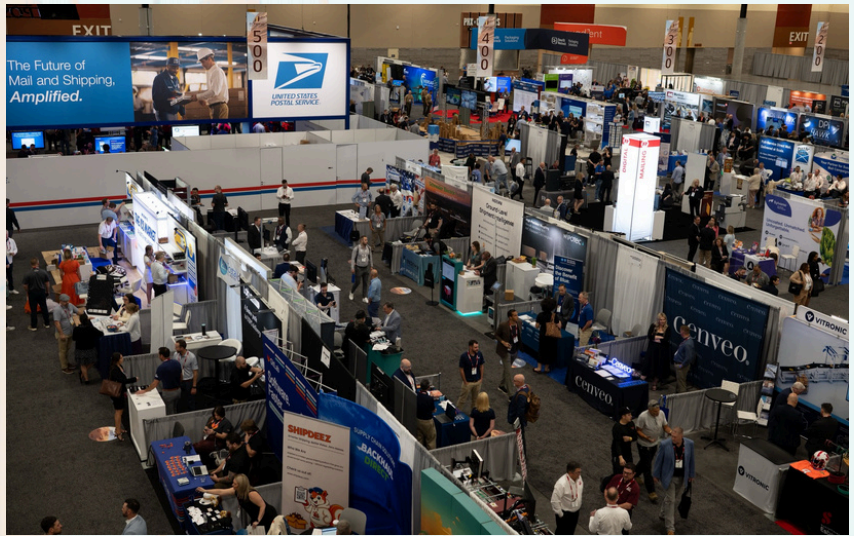

Changes include eliminating ounce-based rate differentiation for published commercial USPS Ground Advantage prices, which will not affect customers who have negotiated commercial rates for USPS Ground Advantage; and increasing competitive Post Office Box rental fees by 3 percent.

Pending favorable review by the PRC, the changes will go into effect on July 12.

More information can be found in the Postal Service's ***May 11 news release***.
